

## The Many Benefits of Membership

### Advocacy and Regulatory Compliance

NEFI's Advocacy Fund aggressively advocates on your behalf before federal and regional policymakers, including Congress and regulatory agencies. As a member, you will receive:

- Timely and cost-saving regulatory compliance information
- Basic legal and compliance support from our on-call Regulatory Counsel
- Legislative Alerts on pending or recently enacted bills in Congress
- Our grassroots program including visits with key lawmakers on Capitol Hill

### Member Services

Exclusive discounts or preferred pricing on valuable employee/employer programs:

- Retirement Planning
- Life Insurance
- Flexible dental insurance options
- CDL driver qualification services
- Drug and alcohol testing
- Employee assistance program (EAP)
- Computer and networking services
- Annual trade shows and conferences

### Education & Training

- Exclusive or discounted access to webinars and professional development programs

### Premier Industry Publications

- Monthly *Oil & Energy Magazine* – Offered in-print or electronically
- Weekly e-mail newsletter, NEFI Energy Online News (NEON)

### Customized Weather Alerts

- Including ten-day temperature forecasts, degree day updates, and storm alerts.

## Why Join?

When you join NEFI, you're investing in your business's future while standing shoulder-to-shoulder with peers to protect, promote, and advance your industry.

## Become a Member

NEFI is a nationally-recognized 501(c)(6) trade association representing companies like yours: liquid heating fuel retailers and wholesalers, service providers, manufacturers, other home comfort providers, and the many businesses that serve them before lawmakers, regulators, the media, and the public.

NEFI fiercely advocates for the liquid fuels industry before lawmakers, regulators, the media, and the public.

### NEFI membership options include:

- Retail Fuel Membership
- Wholesale Fuel Membership
- Associate Membership
- HVAC Service Only Membership

By joining NEFI, you're investing in the future of your business. Take advantage of our powerful advocacy, comprehensive education and training, exclusive member benefits, and industry-specific resources to help your business thrive.

### About NEFI

NEFI is the national trade association for wholesale and retail delivered fuels businesses and home comfort providers, and membership pays for itself. When you join NEFI, you gain access to on-call regulatory and legal counsel, timely compliance alerts, CDL and driver training programs, flexible insurance and employee benefit options, industry-leading publications, customized weather tools, and exclusive educational programs designed specifically for your business. You also gain a seat at the table of a nationally recognized organization that has been fighting for this industry since 1942. Bottom line, NEFI is built to help your business reduce costs, stay compliant, develop your workforce, remain competitive, and grow. Membership is an investment in your business and in the future of our industry.

## Our National Policy Agenda

### Promoting Energy Affordability and Consumer Choice

We oppose heating fuel and appliance bans and electrification mandates that limit choice and increase costs.

### Pragmatic Solutions for American Energy and Environmental Security

Renewable heating fuels such as Bioheat® Fuel and renewable propane provide an immediate and cost-effective path to reducing emissions while strengthening American energy security and reliability.

### Advocating for Sensible Regulatory Policies

We advocate for streamlining regulatory requirements, reducing duplicative paperwork, and eliminating unnecessary red tape while maintaining high standards of safety and reliability.

### Education and Workforce Development

We promote vocational schools, well-structured apprenticeship programs, and lowering barriers to entry for veterans to create a strong American workforce.

### Supporting Our State and Regional Association Partners

NEFI works with regional organizations that advocate at the state and local level. Working with these partners, we help preserve consumer choice and ensure access to affordable and reliable home energy solutions.

## Government Affairs & Advocacy

NEFI's government affairs team is your full-time presence in Washington, D.C., fighting every day to protect wholesale and retail delivered fuels businesses and home comfort providers from overreaching mandates, burdensome regulations, and policies that threaten your livelihood. We are pushing back against "electrify everything" policies and appliance bans, advancing the market for renewable heating fuels, pursuing regulatory and tax relief, and building the next generation of industry workforce. We also support the efforts of our local, state, and regional association partners and are working hard to develop strategic coalitions with like-minded groups to advance this vital agenda at all levels of government. When this industry needs a champion, NEFI is there. We hope you will join us!

## NEFI Education Foundation

The NEFI Education Foundation offers a variety of educational courses to help liquid heating fuel distributors and home comfort providers further their knowledge and skills.

### Recent programs include:

- **NEFI-QSC Service Manager Peer Group Educational Program:** A unique opportunity for Service Managers to exchange ideas and gain valuable insights that will help them thrive.

- **NEFI-QSC CSR Educational Program:** The CSR Educational Program focuses on first point-of-contact customer service training to enhance communications and drive success.

- **NEFI-NPGA ACE CDL + HME Driver Educational Programs:** Discounted programs guide individuals through the FMCSA Entry Level Driver Training (ELDT) requirements, saving participants thousands of dollars and helping to cut through red tape.
