Random Drug Testing, DOT Clearinghouse Assistance, and Driver Qualification Services Available on YOUR Schedule, with ARCpoint Labs

Additional benefits of NEFI's drug and alcohol program include the following. NEFI is excited to announce that we have renewed our member-benefit program with ARCpoint Labs for 2021. Unlike many other drug and alcohol programs, our **annual member fee includes random testing**, which reduces the cost of compliance for your business. Plus, our members get to schedule their quarterly testing, which means **no more tests when temperatures are sub-zero** and your focus is on keeping customers warm.

- **DOT Clearinghouse Assistance** removes an administrative burden from your business, speeds up your hiring process, and can help get your drivers back on the road sooner
- **Driver Qualification File Management**, an added service for 2021 that will reduce each company's paperwork and help ensure your drivers are in full compliance with DOT regulations
- **NEFI Member-Dedicated Phone Number and Email Address** so if you ever have questions or concerns, you can connect directly with someone who has an understanding of our industry and is able to assist you
- **Onsite and After-Hours Support**, including weekends, so you can get what you need when you need it and *on your schedule*
- **Background Checks, DOT Medical Exams** and much, much more!

NEFI understands that this is the busy season for your business and that COVID-19 is presenting added hiring, retention and compliance challenges for all companies. That is why we have selected for our drug and alcohol program a company that is prepared to assist you on your schedule. **We encourage you to take advantage of the services ARCpoint Labs is offering our members at an affordable rate.** If you aren't already a NEFI member, join us as we work tirelessly to protect your business and your drivers.
