

DOT Compliance Services

ARCpoint Labs

New requirements!

DOT Clearinghouse

Work with ARCpoint Labs as your designated C/TPA and industry expert to navigate through the Clearinghouse new requirements. Our team has the knowledge and experience to help break down what these changes mean for your company and help you develop an actionable plan so you remain compliant without worrying about penalties.

Our DOT Compliance Services

- Policy reviews & updates
- Clearinghouse resources (forms, information, directions for registration, etc.)
- Random program management
- Supervisor training on signs and symptoms of drug use

How will the Clearinghouse improve highway safety?

- Easier for employers to meet pre-employment investigation obligations
- More difficult for drivers to hide past violations

- Ensure drivers have received proper evaluation before operating a CMV
- Easier for FMCSA to determine employer compliance

Frequently Asked Questions

- What CDL Drivers will be affected?
Drivers of vehicles >26,001 lbs, carrying 16+ passengers, or transporting hazardous materials
- How long is a driver's violation info retained in the Clearinghouse? *5 years*
- Can a violation be reported if the driver is not registered for the Clearinghouse? *Yes!*
