Colonial Life
The benefits of good hard work.®

When you offer Colonial Life voluntary benefits to your employees, everyone of your employees will receive a complimentary Wellcard!

- Wellcard is an easy way to promote health and wellness to your employees at no direct cost to you. Available to employees and their families, Wellcard can help with out-of-pocket costs that health insurance doesn't cover.

- The Wellcard Program is not insurance, but it can help employees and their families get more affordable access to services and products. To receive discounts, your employees simply present the card at participating providers at vendors nationwide.
- Pharmacy, Vision, Hearing, Dental, Medical, MRI & Imaging, Lab savings, 24/7 doctor telephone consult, Medical bill help, Health library, Diabetes care and supplies, Vitamins, Daily living products are some of examples of where employees and their families can use their Wellcard.
- Employees do not have to purchase voluntary benefits through Colonial Life in order to receive their complimentary WellCard.

We are truly excited about this addition to our membership benefits and we are asking that all members speak with Colonial Life benefit advisors to learn more about how these programs can help you and your employees.

Coverage is subject to policy exclusions and limitations that may affect benefits payable. See your Colonial Life benefits counselor for complete details.
