Alabama Updated: 8/3	ALEA Driver License Division has resumed all services across the state (95% operational). Social Distancing, PPE, Temperature Checks, Appointments and Curbside check-in procedures are in place. For the most update to date information on Driver License operations, please visit www.alea.gov	Operations have returned to normal at ALEA Driver License offices, using Social Distancing, PPE, Temperature Checks, Appointments and Curbside check-in for employee and customer safety.	60-day grace period following expiration date (Code of Alabama, Title 32-6-1). Alabama has initiated/accepted all FMCSA COVID-19 related waivers for CDL/CLP and Medical Certifications – Information regarding these waivers can be found at www.alea.gov	CDL and Class D Road Skills testing has resumed at all ALEA Driver License Offices. Mandatory Facial Coverings, Temperature Checks, and Vehicle sanitation procedures are in place. The State Department of Education also has resumed Drivers Education programs to allow students to catch up from the spring semester.	The state continues to register interstate commercial (IRP) vehicles. If the registrant cannot apply for title due to licensing office closures, a 60-day temporary is issued in lieu of permanent credentials (i.e. license plates). Intrastate CMVs are registered at local licensing offices. CDL/CLP holders have been granted a waiver, effective for the period beginning 3/20, through 6/30, applies to CDL or CLP holders whose commercial driver license and/or medical certification was valid on 2/29, and expired on or after March 1, 2020. (This excludes medical certifications issued for less than 90 days.) Drivers must carry a paper copy of their expired medical certificate to provide proof the expiration date was on or after 3/1.	At this time, title applications from designated agents and salvage inspection applications will not be received in-person at the Montgomery Taxpayer Service Center. These applications must be mailed to the Motor Vehicle Division. In addition, all other motor vehicle title, registration, IFTA and IRP transactions must be submitted electronically. For additional questions please contact the Motor Vehicle Division at 334-242-9000. State department of revenue offices remain closed to taxpayers until further notice.	The registration deadline has been extended to the last business day of the subsequent month that the registration was due for registrants in counties where the county license plate issuing official's office was closed at any time during the month the registration was originally due, and the closure resulted in the registrant not having access to the county licensing office for the entire month that the registration was originally due. The extension also applies to vehicles purchased or otherwise acquired which are subject to twenty day (20) registration requirement. Vehicles engaged in relief efforts to operate without IRP or IFTA credentials were extended to 5/1.
